## About the Programme

The Department of Culture and Tourism - Abu Dhabi's Tourism Youth Summer Camp is a two-week programme designed to introduce Emirati students to Abu Dhabi as a leading tourism and cultural destination. During the programme, participants will have the opportunity to train at top training centres and gain hands-on experience working in the hotel sector and other tourism-related entities. This immersive experience provides valuable insight into the various components of the tourism industry and how they contribute to the growth and development of Abu Dhabi's economy.
