Introduction

The Holiday Homes System is a digital solution developed by the Department of Culture and Tourism – Abu Dhabi (DCT Abu Dhabi) to support licensed Owners of holiday home units, including apartments, villas, and farms. The system provides Owners with the necessary tools to manage their units efficiently and comply with regulatory requirements.

This user manual is designed to guide Owners through the system's key features, such as creating and managing units, issuing and renewing permits, canceling permits, managing unit assignments, and overseeing bookings and payments. Step-by-step instructions and feature explanations are provided to ensure a smooth and successful experience using the new Holiday Homes System.

Getting Started

As a Holiday Homes Owner, you can access the new Holiday Homes Platform through the official DCT Abu Dhabi website. Once you navigate to the platform, you will be automatically redirected to the landing page shown below.

Login

To begin, select the option to Log in as Customer, as illustrated in the screenshot. This will allow you to authenticate using your registered details and access all Owner-related services and functionalities within the platform.

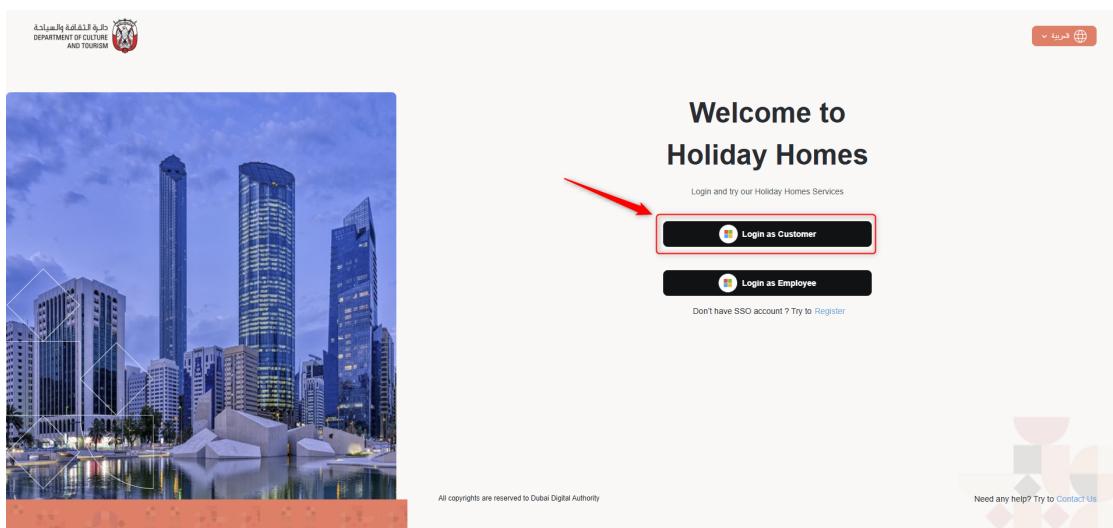

Figure 1: Holiday Homes Landing Page

You will be redirected to the below page to enter your username and password, and click submit:

Registration

If you do not already have an existing account, you can easily register to access the Holiday Homes System by clicking “Register” on the main landing page as illustrated below:

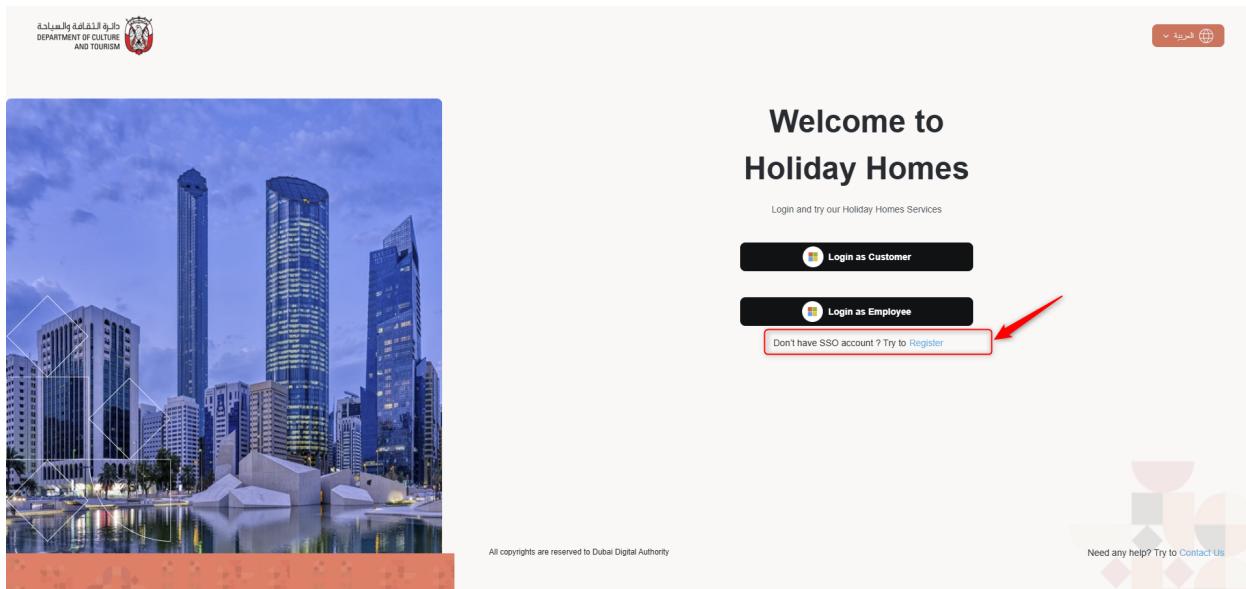

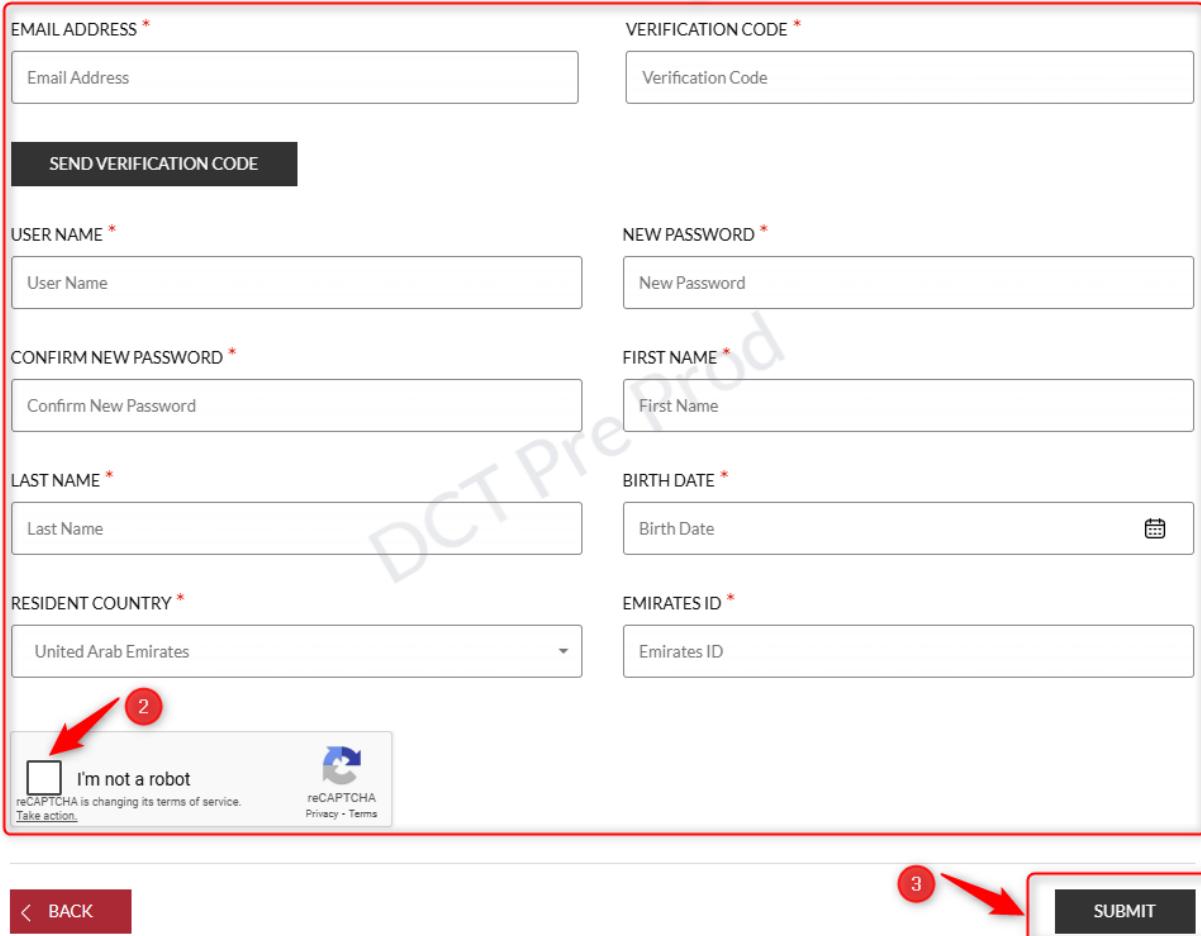

Figure 3: Access to Registration Form

After that, you will be redirected to the registration form where you will need to provide the required details accurately:

NEW REGISTRATION

The registration form is enclosed in a red border. Three red arrows with numbers 1, 2, and 3 point to specific fields:

- Arrow 1:** Points to the **EMAIL ADDRESS *** field, which is a text input box labeled "Email Address".
- Arrow 2:** Points to the **reCAPTCHA** section, which includes a checkbox labeled "I'm not a robot", a reCAPTCHA logo, and the text "reCAPTCHA is changing its terms of service. [Take action.](#)".
- Arrow 3:** Points to the **SUBMIT** button, which is a dark rectangular button with the word "SUBMIT" in white capital letters.

The form fields include:

- EMAIL ADDRESS ***: Email Address
- VERIFICATION CODE ***: Verification Code
- SEND VERIFICATION CODE**: A dark button.
- USER NAME ***: User Name
- NEW PASSWORD ***: New Password
- CONFIRM NEW PASSWORD ***: Confirm New Password
- FIRST NAME ***: First Name
- LAST NAME ***: Last Name
- BIRTH DATE ***: Birth Date (with a calendar icon)
- RESIDENT COUNTRY ***: United Arab Emirates (with a dropdown arrow icon)
- EMIRATES ID ***: Emirates ID
- reCAPTCHA**: A reCAPTCHA field with a checkbox, a logo, and a link to update terms of service.
- BACK**: A red button with a left arrow icon and the text "BACK".
- SUBMIT**: A red button with the text "SUBMIT".

Figure 4: DCT Unified Registration Form

After clicking Submit, you will be required to fill profile missing information as shown in the below screenshot

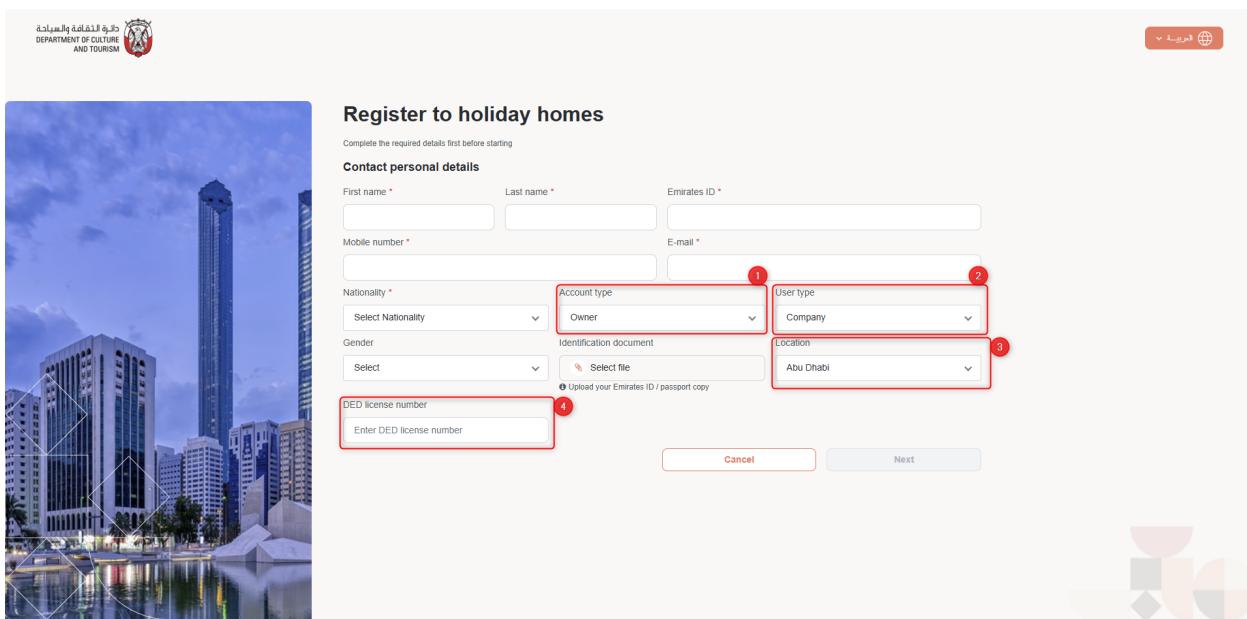

Figure 5: Holiday Homes Additional Information Form

Note: Users who were registered in the previous system can log in using their existing credentials — no new registration is required.

To register, click on the Registration link available on the login page. You will then be redirected to the registration form. Follow the steps below:

- Fill in all required fields with accurate information.
- Select Account Type = Owner (as shown in marker 1).
- Select User Type = Company or Individual (as shown in marker 2), as Holiday Homes Owners could be both.
- Location is required for the case of company (marker 3).
- If you select Abu Dhabi, you must provide a valid DED License—an economic license required to legally operate a business in the emirate
- If you select Abu Dhabi Free Zone, you must provide a valid ADGM License (marker 4).
- Ensure the company license is valid, otherwise registration cannot proceed.

- Once the first form is completed and submitted, you will be redirected to the second step of the form where you need to fill the remaining company details, and click register.
- Some Information shown here might not be applicable or required in case the owner is individual.

Landing Dashboard

Dashboard

After successfully logging in, you will be redirected to the Dashboard — the main homepage of the Holiday Homes System — where you can begin managing your units, licenses, payments, and requests.

The following screenshot illustrates the different widgets available to Owner users after login:

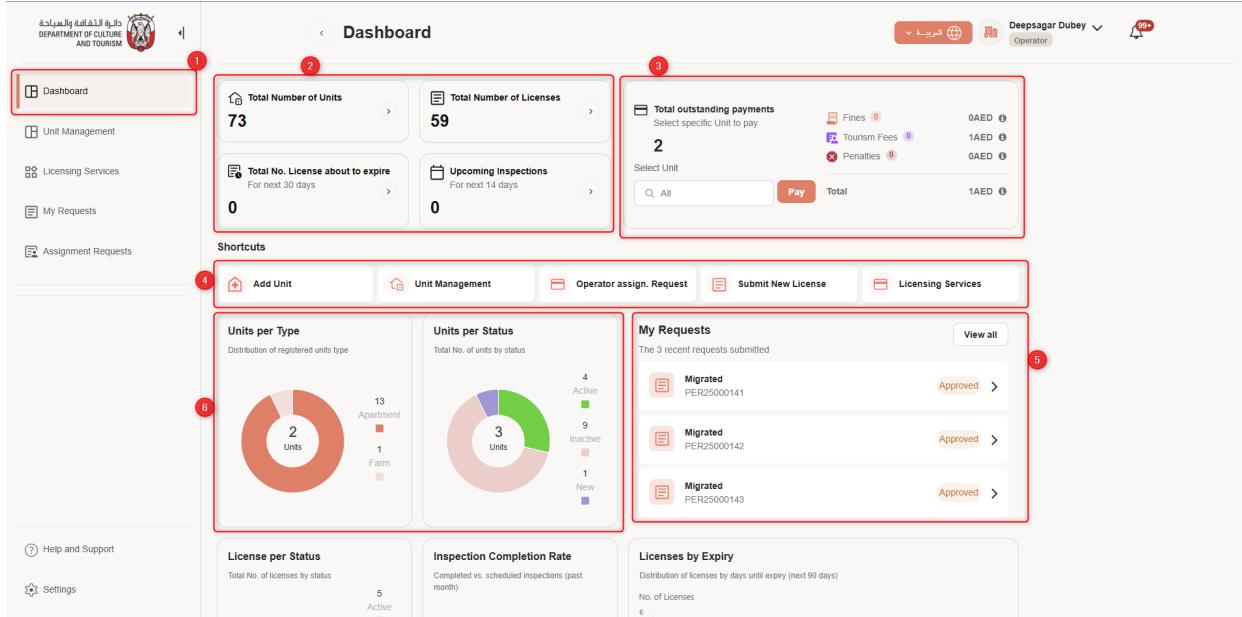

Figure 7: Main Dashboard

- Dashboard Landing Page:** Upon login, the Owner will always land directly on the Dashboard.
- Profile Summary Widget:** This section provides a quick overview of the Owner's account status, including:
 - Total number of managed units
 - Total number of active licenses
 - Total number of licenses nearing expiration
 - Upcoming inspections
- Outstanding Payments Summary:** This widget displays a consolidated view of pending financial items including fines, tourism fees, penalties, and any other outstanding charges.

4. **Shortcuts to Main Services:** This widget offers quick access to frequently used services in the Holiday Homes Platform such as:

- Add Unit (Not for Owner, this is only available for the Owner of the Unit)
- Manage Units
- Submit New License Request
- Manage Assignments

...and more.

5. **My Requests:** Displays the latest three submitted requests for easy tracking and follow-up.

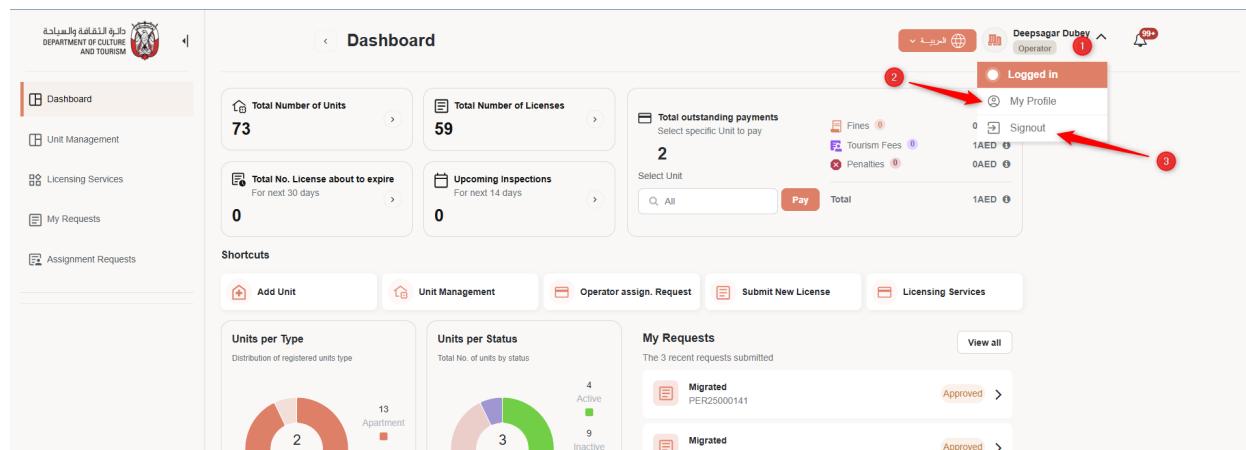

6. **KPIs & Reports:** Shows key performance indicators related to the Owner's account such as:

- Units per Type
- Units per Status
- Revenue or other operational insights

...and more.

Profile Menu & Sign-Out

From the **right side of the main Dashboard header** (1), you can access important account options:

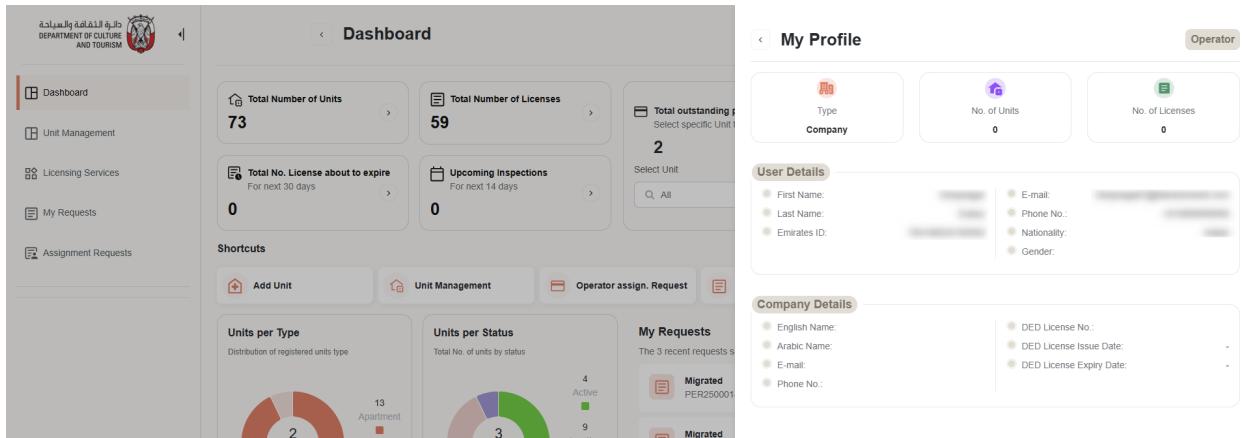

The screenshot shows the Holiday Homes Platform Dashboard. On the left is a sidebar with navigation links: Dashboard, Unit Management, Licensing Services, My Requests, and Assignment Requests. The main dashboard area has a header with the DCT logo and a user profile for 'Deepagar Dubey Operator'. Below the header are several cards: 'Total Number of Units' (73), 'Total Number of Licenses' (59), 'Total No. License about to expire' (0), 'Upcoming Inspections' (0), 'Total outstanding payments' (2), and a 'Select Unit' dropdown. A 'Pay' button is shown next to the payment card. Below these are 'Shortcuts' for Add Unit, Unit Management, Operator assign. Request, Submit New License, and Licensing Services. There are also two donut charts: 'Units per Type' (2 Apartment, 13 Apartment) and 'Units per Status' (4 Active, 9 Inactive). The 'My Requests' section shows 'The 3 recent requests submitted' with two items: 'Migrated' (Approved) and 'Migrated' (Approved). A 'View all' button is also present.

Figure 8: Profile Menu & Sign-Out

2. View Profile Details

By clicking on your profile icon, you can open your account information page to review your organization details, contact information, and other related data.

The screenshot shows the 'My Profile' page with the following details:

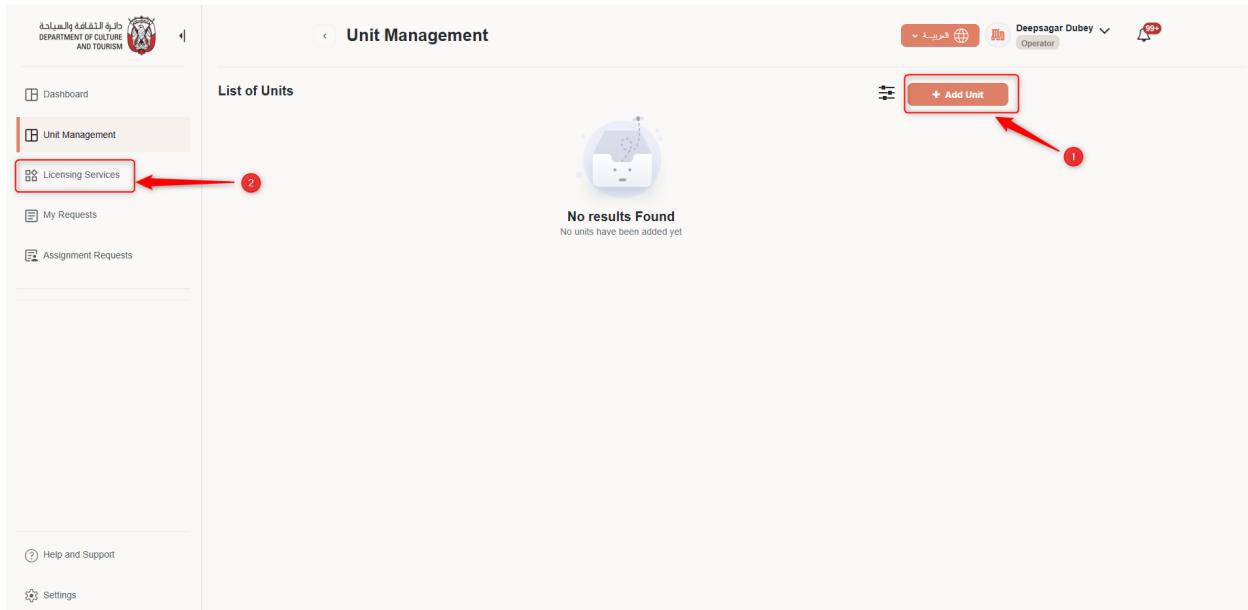

- User Details:** Type: Company, No. of Units: 0, No. of Licenses: 0.
- User Details (continued):** First Name, Last Name, Emirates ID, E-mail, Phone No., Nationality, Gender.
- Company Details:** English Name, Arabic Name, DED License No., DED License Issue Date, DED License Expiry Date, E-mail, Phone No.

Figure 9: My Profile

3. Sign Out

You may also log out from the system securely using the Sign-Out option available in the same menu.

Unit Management

The screenshot shows the 'Unit Management' page. The left sidebar has a navigation menu with 'Unit Management' selected. The main area is titled 'List of Units' and shows a placeholder icon with the text 'No results Found' and 'No units have been added yet'. In the top right corner, there is a red button labeled '+ Add Unit' with a red arrow pointing to it. Another red arrow points to the 'Licensing Services' module in the sidebar.

Figure 10: Unit Management Page

From the **Units Management** module, Owners can view and manage all holiday home units assigned to their profile.

If this is your first time accessing the platform, you will not see any units listed yet. In this case, Owner can add new units through one of the following options and assign it to you:

1. Add Unit Button (1)

Use the *Add* button available within the Units Management page to manually register a new unit.

2. Licensing Services Module (2)

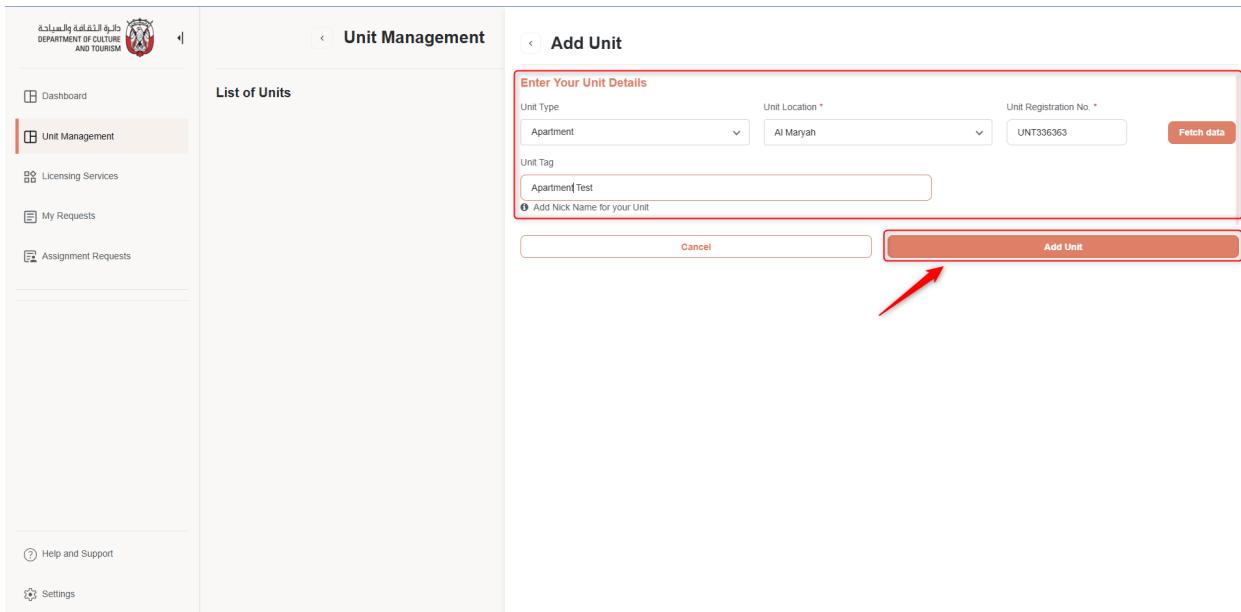

Owner can Create a new unit while submitting a request for a new holiday home permit.

3. Assignment from Property Owner

Units may also appear automatically in your list if an Owner assigns their unit to your Owner profile.

Once units are available, you can manage them, access their details, and perform permitted operations such as editing unit information, tracking license status, and managing bookings.

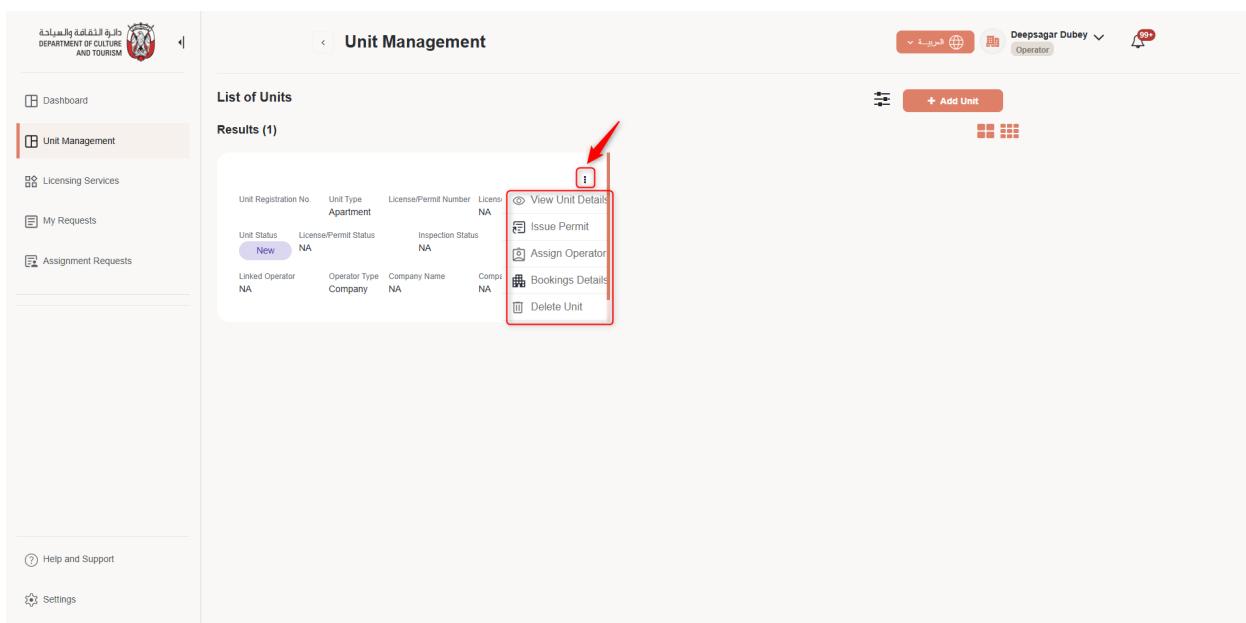

Adding a New Unit (Can be Done By Unit Owner Only)

The screenshot shows the 'Unit Management' interface. On the left, a sidebar includes links for Dashboard, Unit Management (which is highlighted with a red border), Licensing Services, My Requests, Assignment Requests, Help and Support, and Settings. The main area is titled 'Unit Management' and 'Add Unit'. It contains a form titled 'Enter Your Unit Details' with fields for Unit Type (set to Apartment), Unit Location (set to Al Maryah), Unit Registration No. (set to UNT336363), and a 'Fetch data' button. Below these are fields for Unit Tag (set to Apartment Test) and a note to 'Add Nick Name for your Unit'. At the bottom are 'Cancel' and 'Add Unit' buttons, with the 'Add Unit' button highlighted by a red box and a red arrow pointing to it.

Figure 11: Add Unit Form

To add a new Unit, you can provide the required basic information in the form shown below, then click “Add Unit” to complete the registration.

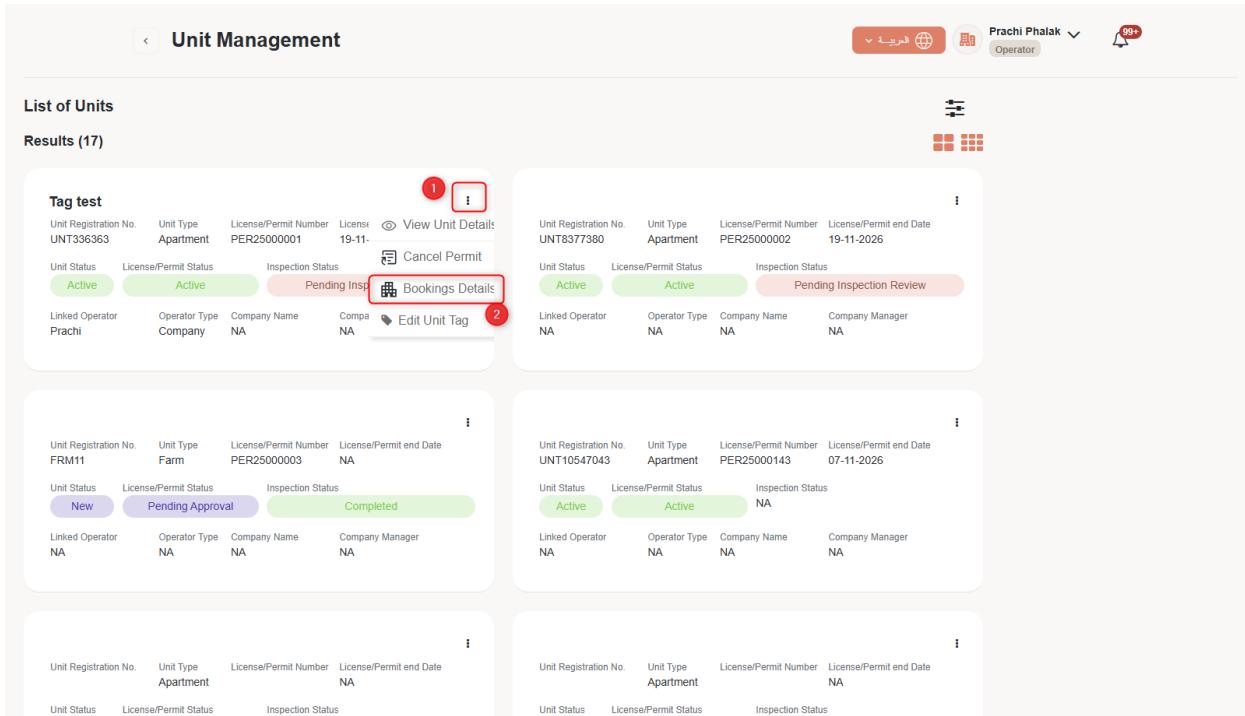

The screenshot shows the 'Unit Management' section of a web application. On the left is a sidebar with navigation links: Dashboard, Unit Management (which is selected and highlighted in red), Licensing Services, My Requests, Assignment Requests, Help and Support, and Settings. The main content area is titled 'Unit Management' and 'List of Units'. It displays a table with one row of data. The table columns are: Unit Registration No. (NA), Unit Type (Apartment), License/Permit Number (NA), License/Permit Status (NA), Unit Status (New), Inspection Status (NA), Linked Operator (NA), Operator Type (Company), Company Name (NA), and Company (NA). To the right of the table is a vertical menu with the following options: View Unit Details (highlighted with a red box and a red arrow pointing to it), Issue Permit, Assign Operator, Bookings Details, and Delete Unit. At the top right of the main area, there are user profile and notification icons.

Figure 12: Unit Management

Once the Unit is successfully added, it will appear in the Units list with its essential details. As an Owner, you can only perform several actions on the Unit, once it gets assigned to you by the unit owner.

Managing Licensed Unit

You can manage all bookings related to a specific unit directly from the **Units Management** section.

Figure 18: Booking Calculation

All guest bookings added to the system are automatically reflected in the **Booking Calculation** section. This section provides a detailed monthly breakdown of bookings and the corresponding tourism fees.

To view the booking calculations:

1. Select the **Month/Year** you wish to review.
2. The system will display all booking details for the selected period, including:
 - o Individual booking information
 - o Total booking amount
 - o Automatically calculated tourism fees (e.g., Total: 1100 AED → 6% Tourism Fee = 66 AED)

You can generate a **draft invoice** for the calculated tourism fees at any time during the month.

Tourism Fees Cutoff and Invoicing

- The **tourism fee calculation cutoff date** is the **1st of every month**.
- As an Owner/Owner, you may generate the tourism fee invoice manually at any time during the month.
- If the invoice is **not generated before the 5th of each month**, the system will **automatically generate** it, and it will become **due for payment**.

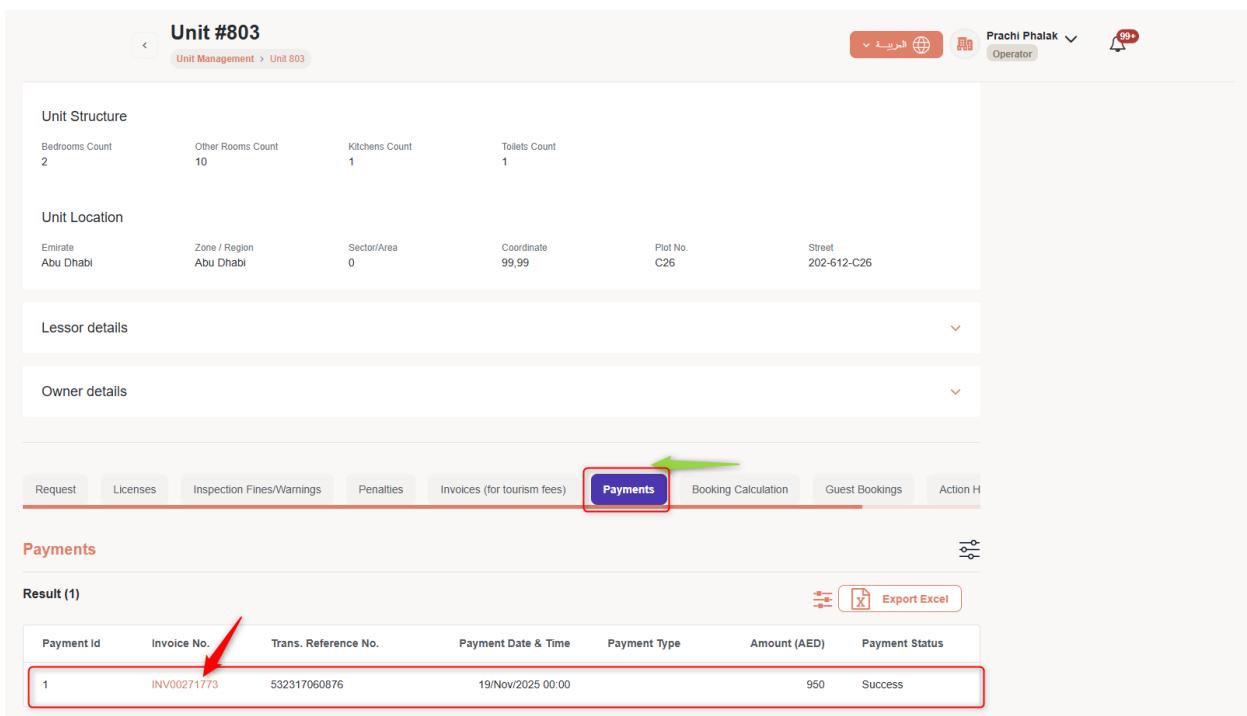

Payments

In the **Payment** section, you can view all payments related to the units you manage. This section provides full visibility over financial transactions.

You will be able to view:

- **Invoice Details** (with the ability to download the invoice)
- **Transaction Reference Number**
- **Payment Date and Time**
- **Payment Type** (e.g., online payment, credit card, etc.)
- **Amount (AED)**
- **Payment Status** (e.g., Paid, Pending, Failed)

This section helps Owners keep track of all financial obligations related to Tourism Fees and other service payments.

Licensing services Module

The Licensing Services Module provides Owners with access to all licensing-related operations available within the Holiday Homes Platform. Through this module, Owners can efficiently manage the regulatory requirements of their units.

As an Owner, you can perform the following actions:

1. Issue a Holiday Home License

Submit a new licensing request for a unit that is not yet licensed.

2. Renew a Holiday Home License

Extend the validity of an existing license before or after expiry.

3. Cancel a Holiday Home License (can be done by the Owner)

Request cancellation of a license when the unit will no longer operate as a holiday home.

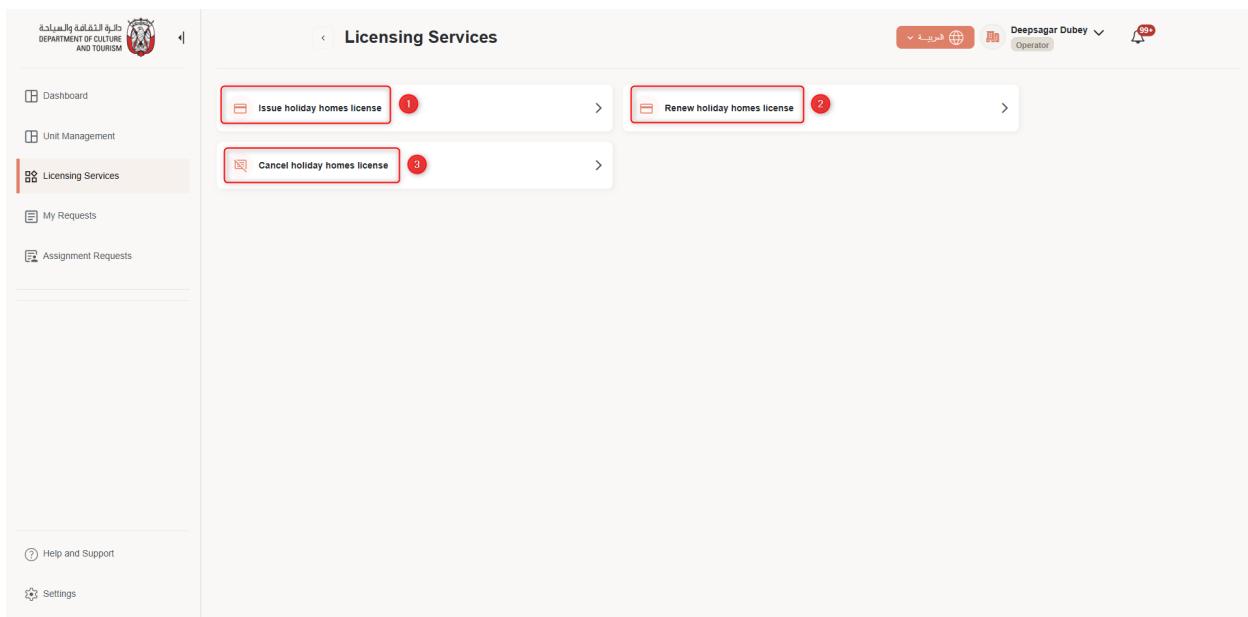

Figure 21: Licensing Services Module

Issue a Holiday Home License

Note: As Owner, you cannot issue any license until it is assigned to you by the Owner

When submitting a new Holiday Home license request, the Owner can select one of the three supported unit types: **Apartment, Villa, Farm**

Step 1 – Requester & Unit Details

The screenshot shows the 'Issue holiday homes license' form in the DCT e-Gov portal. The form is divided into two main sections: 'Requester Details' and 'Validation Details'. The 'Requester Details' section contains fields for Full Name, Mobile Number, E-mail, Emirates ID, Nationality, and Gender. The 'Validation Details' section contains fields for Unit Type, Unit Location, and Unit Registration No., with a 'Fetch data' button. A sidebar on the left shows navigation links for Dashboard, Unit Management, Licensing Services, My Requests, Assignment Requests, Help and Support, and Settings. The top right shows the user's name 'Deepagar Dubey' and an 'Operator' status with a notification count of 99+.

Figure 22: Issue a Holiday Home License

To begin the process:

- (1) **Requester Details:** The system will automatically populate your requester information based on your profile data. No manual entry is required unless edits are needed.
- (2) **Unit Key Information:** Provide the essential information related to the unit (such as location details, unit number, etc.).

These details are required to enable the system to identify the unit and retrieve its existing data from integrated government systems.

- (3) **Fetch Data:** Click the “Fetch Data” button to auto-fill the remaining unit information.

Note: All provided details must be accurate and complete to ensure the system can successfully retrieve the unit information without errors.

- Once Data is Fetched, you will be able to proceed to the next step by clicking “Next” Button.

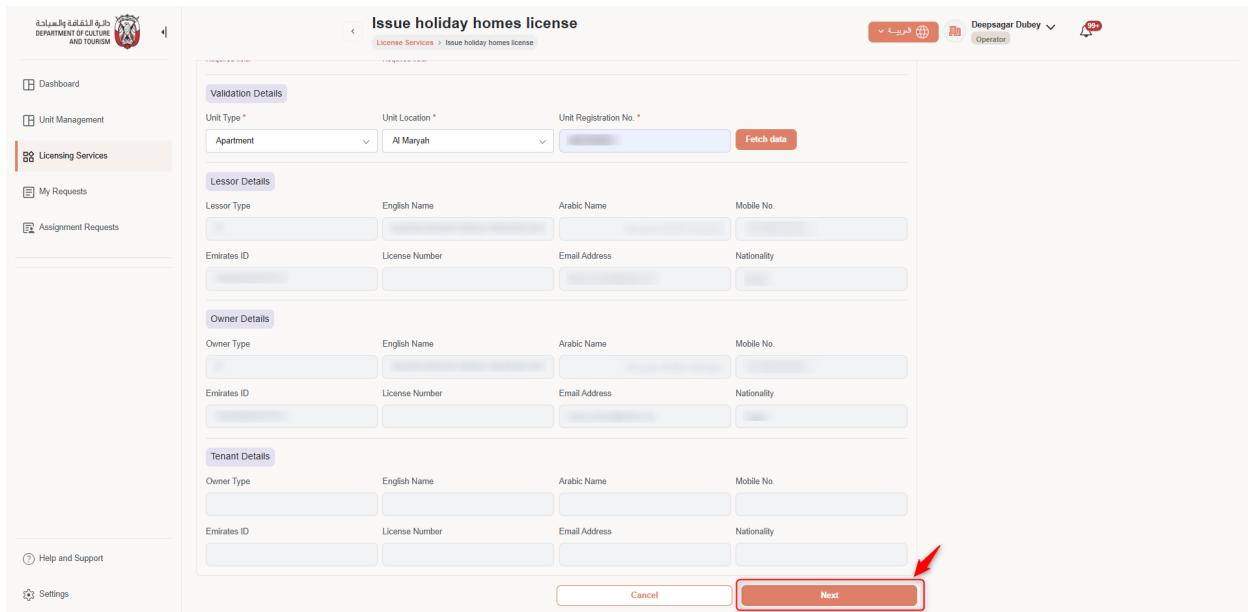

Figure 23: Step 1 – Requester & Unit Details

Step 2 – Additional Unit Details

To continue the process:

- (1) **Fill Required Fields:** Enter the additional information for the unit, such as **Floor Number, Room Count**, and any other fields that appear.

Note: Some fields may not be applicable depending on the unit type selected in Step 1 (Apartment, Villa, or Farm). Only fill in the relevant fields for your unit type.

- (2) **Proceed to Next Step:** Once all required information is completed, click **Next** to move to Step 3.

Figure 28: Track Licensing Request

After successfully submitting your licensing request, you can **track its progress** through the **My Requests** module. Within this module, you will be able to:

- View **all submitted requests**, including their unique reference number and submission date.
- Monitor the **current status** of each request (e.g., Submitted, Pending Approval, Pending Inspection Review, Inspection Result Received, Approved, or Rejected).
- Perform **appropriate actions** depending on the current stage of the request.

Examples include:

- Uploading missing or additional documents
- Responding to feedback or required corrections
- Updating inspection date or time if needed
- Viewing approval decisions and downloading issued licenses

Note: Make sure to check this module regularly to ensure timely action if additional information or updates are required by DCT.

Renew a Holiday Home License

You can extend the validity of an existing holiday home license before it expires—or immediately after expiry if still within the grace period.

Manage Assignment Module (Owner)

As a **Unit Owner**, you have the option to delegate the management of your unit to a licensed operator. This allows the operator to handle bookings, licensing, and day-to-day operations on your behalf.

To assign a unit to an operator:

The screenshot shows the 'Unit Management' interface. On the left, a sidebar includes 'Dashboard', 'Unit Management' (which is selected and highlighted in red), 'Licensing Services', 'My Requests', and 'Assignment Requests'. The main area is titled 'List of Units' and shows 'Results (4)'. Four units are listed in a grid:

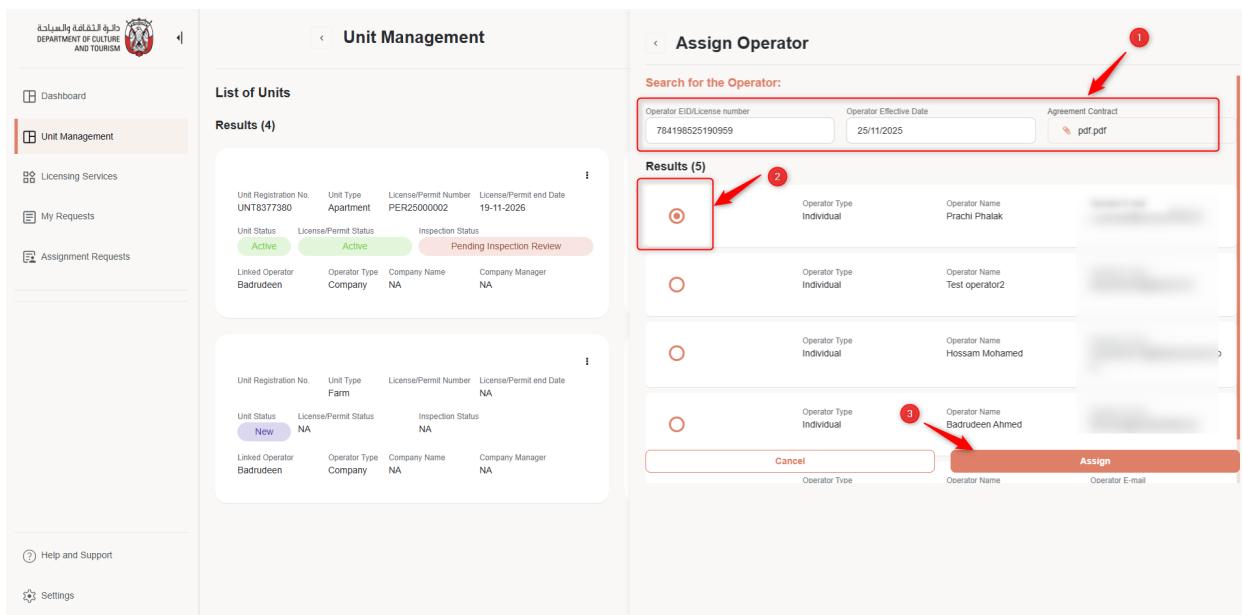

- Unit 1:** Registration No. UNT8377380, Type Apartment, License PER25000002, Status Active, Operator Badrudeen.
- Unit 2:** Registration No. UNT200424, Type Apartment, License PER25000145, Status Pending Approval, Operator NA.
- Unit 3:** Registration No. UNT8377380, Type Farm, License NA, Status New, Operator Badrudeen.
- Unit 4:** Registration No. UNT200424, Type Apartment, License NA, Status New, Operator NA.

For Unit 2, a context menu is open with the following options:

- View Unit Details (highlighted with a red box and arrow 1)
- Cancel Permit
- Assign Operator** (highlighted with a red box and arrow 2)
- Bookings Details
- Delete Unit
- Add Unit Tag

Figure 34: Assign Operator

1. Navigate to the **Unit Management** module.
2. Select the **specific unit** you wish to delegate.
3. Click **“Assign Operator.”**

Figure 36: Manage Assignment Module

- The request will appear in the operator's **Manage Assignment** module with the status "**Pending Assignment Confirmation.**"
- The operator must **approve** the request for the assignment to take effect.

After the operator confirms the assignment, they will gain access to the unit and will be able to manage all associated operations.

Note:

Owners can revoke or change operator assignments only through the appropriate system workflows, depending on licensing and operational rules.
